

ROUND THE RIVIERA

Mrs. Arnautoff Spends Summer Busily Working, Entertaining

If you think you've had a busy summer, let me tell you about Mrs. M. V. Arnautoff, of 212 Paseo de Granada. To begin with, she had charge of the PTA carnival last May and most of us would have spent the summer resting up after that. But Make's father and mother, Mr. and Mrs. Victor Arnautoff visited them in June. They are from San Francisco. He teaches at Stanford. Next the Jack Arnold family from Richmond came, and then the Den Durants from Pueblo, Colorado. Then the Atencios, from Oakland arrived, but they cut their visit short as their little boy was allergic to Lillian's wool rugs and had to stay outside all the time. Then Lillian was a counselor at a Christian Endeavor Camp at Idyllwild. Last week she had charge of a Hawaiian luau in Rolling Hills. This week she is helping with the Bible School at the Congregational Church, and next week she is entertaining the Harland Tiptons, from Sacramento. After that? Lillian is looking around for a nice, quiet rest home with reasonable rates.

Pat and Allen, Curtis, 206 Calle de Arboles, and children Jimmy, 7, and Ann, 6, were among the 20,000 young, at

heart at the Hollywood Bowl Saturday night. Family night, needless to say, and they loved it!

Sue and Konrad Beck arrived Tuesday via TWA from their visit with various relatives back East. During their absence Ethel and Clyde took a long leisurely trip up the coast to Washington, through Oregon, and back home by way of Reno.

It seems that there are always representatives of Hollywood Riviera vacationing at Toulunne Meadows, in the High-Sierras. The Raymond Holes have just returned from hiking, camping, and fishing up there.

Yvonne and Art Linnemeyer and their two boys vacationed at Carmel, then camped at Big Sur among the redwoods.

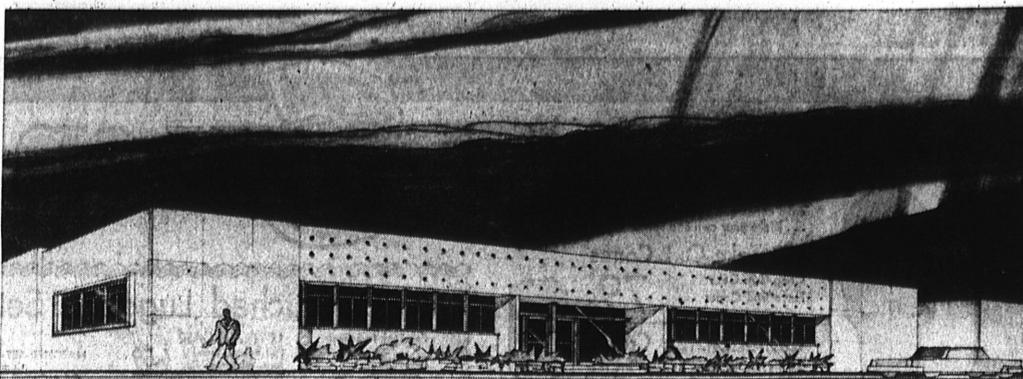

Sixteen girls of the Mariner Ship Saratoga will be leaving Monday for a five day sail on the 40-foot ketch, Resolute. Jack and Ginny Satterlee will be aboard, too. This week the girls are helping at the Brownie Day Camp in Torrance Park.

Bobby Diehl, 913 Calle Miramar, is entertaining her sis-

ter and her husband, Mr. and Mrs. Glen Rollings, and children Debra and Ronnie, of Wichita, Kans., and a nephew, Don Lucas, of Harlan, Ia.

Gene Voorhees, local attorney, returned Saturday from a week at the University of California in Berkeley. He attended the third annual summer program of California attorneys at Berkeley. Voorhees is a graduate of the law school at the university. This one-week course gave him an opportunity to renew acquaintances with faculty members and fellow attorneys. Voorhees has been a resident of the Hollywood Riviera for the past three years and has maintained a law office in the Riviera Village for the past two and one-half years. He has been active in community affairs and is presently vice-president of the Village Business Association and Corresponding Secretary of the Hollywood-Riviera Homeowners Association.

A high tea was held at the home of Mrs. Glen Grimsley, past president of the Hollywood Riviera Parent-Teacher Association last Thursday. This was the first in a series of chain parties to be given by the board members of the PTA to make friends and raise funds for the association. Among the guests were Mrs. M. H. Sparks, president of the Hollywood Riviera PTA; Mrs. Mark A. Wright, member of the Torrance School Board; Mrs. Francis Stoeckle, president of the Torrance Council of the PTA, and Mrs. R. C.

SECOND FACTORY . . . Pictured above is the second 20,000 square foot factory building now under construction in McDonald Brothers' 21-acre industrial tract at Crenshaw Blvd. and Carson St. The first of these fac-

ories was finished recently and now is ready for leasing. R. G. Harris Company, of Culver City, is agent for the development.

Lomita Man In Retirement

James Barrett, of Lomita, retired for the second time recently when he left the Long

Shanner, wife of the new vice principal of the Riviera school.

The Jerry Britains, of 102 Via Sevilla, had an eventful summer. They and their two sons, Randall and Jerry, Jr., were on vacation in Kingsport, Tenn., with the youngsters' maternal grandparents when Mrs. Britain was taken to a hospital for major surgery. Mrs. Britain returned home Friday and is getting along nicely. The family stayed back east for three weeks.

Pittsburgh Has New Colors

Two new colors in Waterspar Enamel, a high gloss interior and exterior finish, that cannot cause lead poisoning if eaten by children, were announced here today by Guy Berghoff, general paint manager of Pittsburgh Plate Glass Company.

In addition to White Waterspar, the new enamels in "Candy Pink" and "Bonnet Blue," specially formulated for use on children's furniture and toys, contain no lead pigments. They will be immediately available from Pittsburgh branches and dealers, Berghoff said.

Second Factory Unit Started

Groundbreaking for the second McDonald Brothers' factory on the 21-acre tract at Carson St. and Crenshaw Blvd. here took place recently and construction on the building is moving ahead, authorities have stated.

The first factory has been finished and will be leased soon, officials said.

Because of its history as an industrial city and its tremendous growth, Torrance was the natural pick for the new development, R. G. Harris Co., developers, reported through a spokesman.

choosing this location was the proximity of the area to residential areas, including homes in nearby Palos Verdes and Rolling Hills.

The property was the former home of the International Derrick Co.

Commands Staff School

Joe Campazie of 2763 Sonoma Ave., is commander of a general staff school at Fort MacArthur which began Monday. Campazie, a major in the army reserve, is conducting his second year of the five year school.

LIVESTOCK STATUS

Of the total Texas income from agriculture, about 45 percent is derived from livestock operations.
